i spoke with Fred and he indicated that the FR Notice announcing the extension is making its way through the system and it could be published as soon as Friday. We will want to promptly post that info and a link to the FR Notice as soon as it is out.

Subject: RE: Posted today: EPA Phase V Documents: Summary of Methods & Results

Dear Mr. Davis:

Thank you very much for the prompt notification of and the posting of this information.

Today, at a public meeting in Wyoming, Martin Hestmark announced both posting of the Phase 5 data and news that the public comment period is being extended from October 16, 2012 through January 15, 2013. I do not see that extension on the Pavillion website. Do you know when that change/extension will be posted to the website?

Nea

Subject: Posted today: EPA Phase V Documents: Summary of Methods & Results

Dear Ms. Brown and Ms. Temkin,

Today we created a new "Phase 5" page and linked to it from the Pavillion home page:  
<http://www.epa.gov/region8/superfund/wy/pavillion>

The addition to the home page is as follows:

October 10, 2012

EPA released the methodology and results for samples collected during April 2012. Click here for more information.

Let me know if you have any questions.

Thanks,

Tim Davis
